REPORT TO THE COMMUNITY

WORLD-LEADING CARE, RESEARCH AND TEACHING
2012/2013

St Paul’s Hospital FOUNDATION

Inspired care.
MESSAGE FROM THE FOUNDATION

Thanks to our donors, 2012/13 was another record-breaking year for St. Paul’s Hospital Foundation. Our donors helped us raise $19.26 million for St. Paul's Hospital, an impressive increase from the record of $15.99 million set just one year earlier.

We are incredibly grateful to our donors for helping us reach this milestone. Your generosity supported more than 20 areas and departments at St. Paul’s and key health populations such as heart and lung diseases, HIV/AIDS, kidney risks or disease, mental health, older British Columbians and urban health.

You played a vital role in enabling our St. Paul’s Hospital family – physicians, researchers and staff at the hospital – to provide excellent and compassionate care to patients and develop health care innovations through research and teaching. This Report to the Community is a celebration of our donors and a look at just some of the things they helped us achieve in the past year. Thank you all for your support.

The momentum we are building is important as we prepare for the future of St. Paul’s Hospital, particularly as we continue to work with the Ministry of Health and Vancouver Coastal Health to begin a business case development process for the hospital’s renewal.

We look forward to supporting the outcome of that process and to continuing our work with the community and St. Paul’s Hospital family to ensure our patients continue to benefit from the very best care. Thank you.
